  - a. Batting order will consist of entire roster.
  - b. All players who attend games must play!**
  - c. Defensive team-the team out on the field will position nine (9) players in the regular baseball positions. The additional players will be positioned in fair territory in the outfield. **PLAYERS MUST PLAY TWO DIFFERENT POSITIONS EACH GAME. Must play position for complete inning to count.**
  - d. Continuous batting order

If both teams have the same number of players at a game, coaches will follow continuous batting order as described in Example A.

Example A:       Team A has 13 players  
                  Team B has 13 players

Batting order consists of batter #1 through 13. All 13 players bat for a half inning then side is retired. When teams bat again, batting order is used throughout the game.

Example B:       Team A has 13 players  
                  Team B has 11 players

Team A: batting order consists of batter # 1 through 13. All 13 players bat for a half of inning, then side is retired. Next time Team A batting order will again begin with batter # 1 (top of the order) and end with batter # 13. This batting order is used throughout the game.

Team B: Batting order consists of batters #1 through 11. All 11 players plus batter #1 and #2 bat again for the inning. Thus, 13 players have batted (equaling Team A's batting order of 13) and the side is retired. Next time Team B bats, batting order begins with batter #3 and goes through the batting order until 13 players have batted. When Team B bats again, the player following the new 13<sup>th</sup> batter would be the first batter, and when 13 players have batted, the side is retired. This process is repeated throughout the game.

3. Any player arriving at the game late will be added to the bottom of the batting order and enter the game at the top of the next inning. Coaches must notify other team of late arrivals. Let opposing team know before batter bats.
4. Games will not be scored. The object of the game is not to win or lose but enjoy playing. Winning should **not** be emphasized, but learning and improving a child's skill level will make them successful.
5. The home team will always occupy the 3<sup>rd</sup> base dugout.
6. In the case of an injured player the game may be stopped. The field monitor must be notified.
7. Any batter who is batting out of order is out.
8. If a player is out at base, that player must return to the dugout. Players can not continue to stay at base once they are out.
9. **All batters must hit off tee only. No coach pitching.**
10. There will be no stealing or leading off. Base runner must wait until the ball is hit before leaving the base.
11. There is no running on an overthrow.

12. Restraining Lines-Any ball crossing over the restraining line, extension thereof, is a dead ball (out of play).
