Specification Section: Pg 72- 10-2.10, 10-2.11

INTERPRETATION REQUESTED:

Are the Iron Fence panels to be welded or mounted with brakcets?

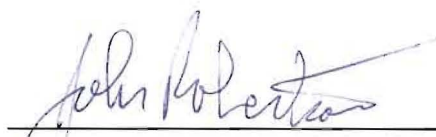

Are the posts and panels to be painted or powder coated. No thickness of the iron.

panels this size are usually 16 guage. Please advice

REPLY:

Fence panels can be welded or mounted with brackets. Contractors
choice.

Black powder coat for the fence. 16 gauge for panels is acceptable.

City Engineer
