Dear Mr. Solla:

The Professional Services Contract the City of Reedley has with your firm for ongoing website maintenance services is set to end on October 31, 2019, unless extended in writing for additional annual periods prior to the subsequent term. The City is satisfied with the quality of your services and the responsiveness of your staff. As such, we would like to extend the term, for one additional year, from November 1, 2019 through October 31, 2020, with all other contract terms remaining the same.

Thank you for your consideration in this matter.

Sincerely,

Nicole R. Zieba
City Manager
